Dear Valued Customers,

We are delighted to invite you to Intellian's customer event held in the beautiful capital city of Athens.

This year has been particularly exciting for Intellian with a number of product launches and hence this will be both an informative and engaging event designed to enhance our customers knowledge of the Intellian brand and our all new standard for maritime VSAT antenna, the NX Series.

We welcome you at 11:00hrs for our corporate update and quickly followed by the introduction to the NX Series Maritime Antenna and then we move to the APTUS NX - The intelligent NX management platform.

Our close partner TNL will then close the proceedings with an update on all their services and solutions before ending the event lunch together as a sign of appreciation for attending our event.
